

Green Ash Sustainable Horizon Fund Disclosure

The Green Ash Horizon Fund, a sub-fund of the Woodman SICAV, promotes environmental or social characteristics. It might invest partially in assets that have a sustainable objective. The investment process is ESG Aware by incorporating sustainability considerations (Sustainability Risks and Adverse Sustainability Impacts) to enhance risk-adjusted returns.

The sub-fund applies a dedicated ESG exclusion policy on a norm and value based approach (“Negative Screening Strategy”):

- On a norm-based approach, the UN Global Compact Violation and Weapons are applied.
- The Norges Bank Investment Management Exclusion List is applied.
- On a value-based approach, the following exclusions are applied:
 - Conventional weapons and firearms (producer) 0%
 - Tobacco (producer) 0%
 - Gambling (operator) 0%
 - Palm Oil 0%
 - Thermal Coal (power generation, mining) 0%
 - Alcohol 0%

The portfolio construction process applies a proprietary measure of ESG sustainability value by company and industry to identify positive impact companies and to exclude lower ranked companies and industries.

The investment manager relies on external MSCI ESG data.
